

Newsletter

December 2011

Dear Colleagues!

Below please find the latest ESNM Newsletter. This newsletter is also available as a download in PDF format on our website www.esnm.eu.

We are delighted to welcome the new Steering Committee Members of the ESNM:

Prof. Dan Dumitrascu, Dr. Mark Fox, Dr. Beate Niesler, Dr. Luis Novais

2012 Joint International Neurogastroenterology and Motility Meeting

The Preliminary Programme is online. Please click [here](#) to get an overview on the preliminary programme structure of NGM 2012. The main topics are:

- molecular and environmental factors influencing neuromuscular and other components of the gut wall
- stress mechanisms of gastrointestinal functional and motility disorders
- pain mechanisms
- nutrient / microbiome sensing and function
- epidemiological, pathophysiological and clinical aspects of functional esophagogastrintestinal disorders in different parts of the world
- new technologies for the assessment of esophago-gastro-intestinal motility and perception
- shortcomings and promises of current and future therapies

We are pleased to announce the opening of the Call for Abstracts for the Joint International Neurogastroenterology and Motility Meeting 2012. Participants are invited to submit original scientific abstracts for oral and poster presentation. The Deadline for the Abstract Submission is the 31. March 2012.
